	<u>Supervisor Mars</u>

- I. The meeting was called to order by Supervisor Mars at 9:10.
- II. Those in attendance introduced themselves.
- III. The Charter & Collection Development Document were reviewed and the committee had no suggestions for changes.
- IV. Supervisor Mars informed the committee that 3 matching bookcases had been ordered for Cardroom B. Two of these will replace the bookcases that do not match the others and the third is an additional bookcase. It is hoped that the additional shelving will allow the committee to work toward removing books from the bottom shelf as that is difficult for residents. Supervisor Mars also informed the committee that after discussion with the custom builders of the bookcases it was decided not to eliminate the side rails as the builders would not guarantee the integrity or strength of the cases without the rails. Supervisor Mars is going to look for alternate means to prevent books from getting caught behind the rails and will submit the costs of this for consideration prior to the budget meetings.
- V. The next scheduled meeting for the committee was set for March 19, 2026 at 9:00.
