

Website Login at heronsglenc.com

The Herons Glen Recreation District (HGRD), a Government Entity, maintains a website that provides public access to specific legal information as required by the State of Florida.

The website features a Residents-Only portal available for all current Herons Glen property owners and non-resident golf members. The site has information from the Recreation District including event information & reservations, the member directory, the events calendar, and important information from the Board of Supervisors.

Log-in Instructions:

To view to the resident side of the website FOR THE FIRST TIME, click “Resident Login” at the top right of the page. **Enter your 4-digit Member Number.** *Secondary or Sub-Association Members need to add a letter, see the examples below:*

- Primary Members: XXXX
- Secondary Members: XXXXs
- Sub-Associations: Solana SXXXX, Meadows MXXXX or Fairways FXXXX

Password - Enter your temporary password, which is same as your Member Number above.

NOTE: The lowercase “s” indicates the secondary member on a shared account. This feature allows each person within a joint account to have their own profile. When logged into the website or mobile app, the system recognizes individual profiles, so they can email, make calls, make reservations, or even update their profile picture, all from their account.

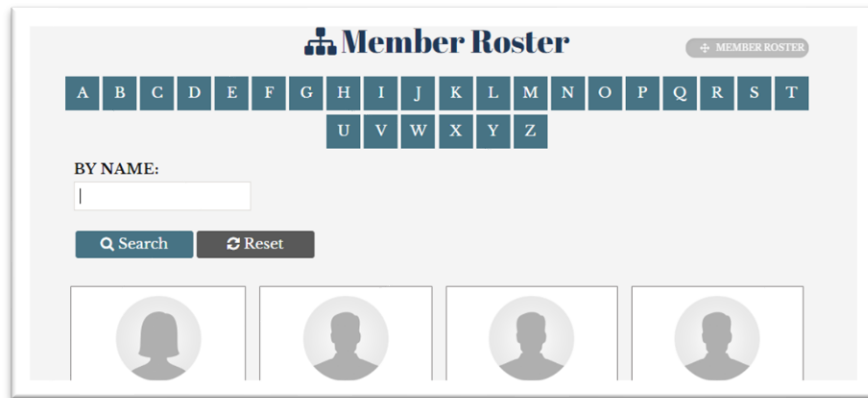

Rest assured, having separate profiles does not affect billing information—both profiles have access to all shared account details.

The Online Member Directory & Personalizing Your Profile:

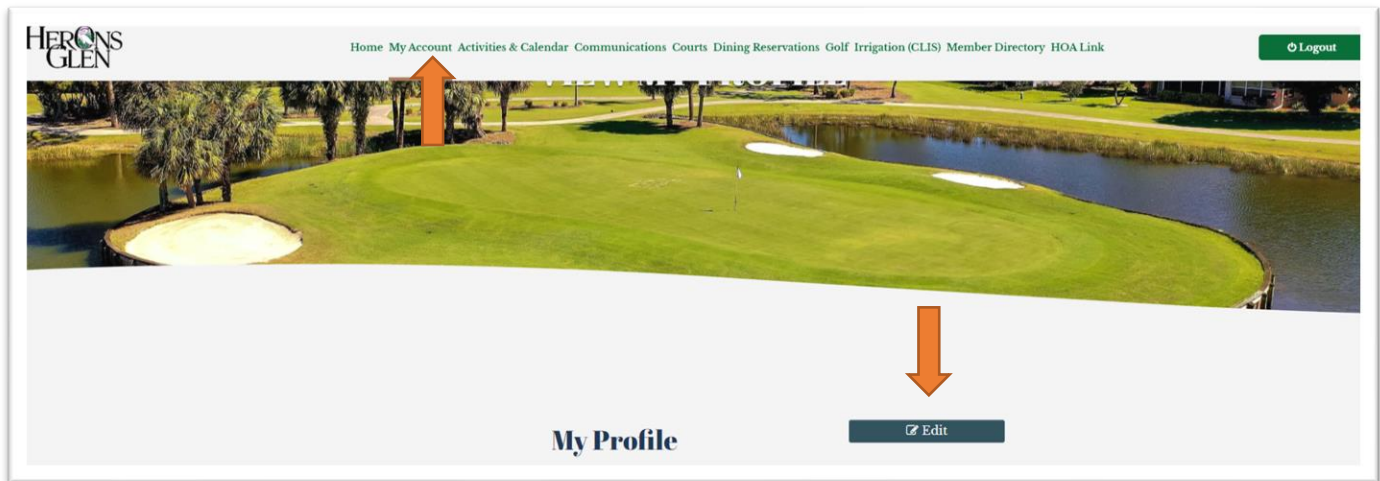

The Online Member Directory is the most up-to-date listing of all of your fellow residents. To view the online directory, login to the resident's side of the website and click Member Directory:

Once you are in the directory, you can search for members by first or last name. The main page shows a member's name, email, and photo if available. Just click on any member name to display additional information.

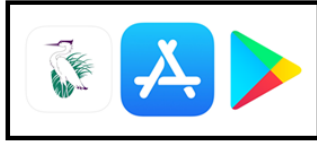

The "My Account" tab allows members to manage their profiles and upload/edit their photos.

Any profile changes will appear in our member database and the online roster once approved by the office staff during regular business hours.
